Copyright & Reporting Unfair use of content

First, Transmeet.Tv has no control over the content of the channels and has no way to unsubscribe existing subscribers from any channel. What's more, each of these channels may be accessible from dozens of other websites and guides as well as the channel owner's website, so the channel could continue to get many new subscribers even after being removed from the Transmeet.Tv. Thus, if you want a piece of content removed from circulation, the best way to do that is to contact the channel owner or their ISP, not us. You get both "one-stop shopping" and a more complete solution to your problem.
